

# PROTECT YOUR PRIUS

## IMPORTANT PSA on Catalytic Converter Theft

### Catalytic Converter (Cat) Theft

Thief's are targeting Hybrid vehicles for their Cats due to higher levels of precious metals in your converters.

### Why is this important?

The cost to replace your Cats is between \$2700-\$3400 for 2000-2016 Toyota Prius's

### 2000-2009 PRIUS OWNERS

There is a 3 month back order on your Catalytic Converters!

### How to protect

1. Park your car in a secure garage
2. Install a theft deterrent.

- A. Cat theft deterrent plate (\$413 installed including tax)
  - B. Alarm system
3. Make sure you have insurance coverage for theft
